KCberry PURE Pigment

Mineral pigment of inorganic oxides for lime-based microcement

33 PURE colours

Mineral oxides

Lightfast

Alkali-resistant

Solvent-free

Description and use

KCberry PURE Pigment is a high-purity mineral colourant made from finely ground inorganic oxides, developed for pigmenting the lime-based microcements of the PURE line. It delivers intense, natural and stable colours, mixes evenly and does not alter the workability or drying time of the microcement.

Properties and benefits

- **100% compatible** with the KCberry lime-based system.
- **Stable colours**, resistant to light and alkalinity.
- **Easy, even mixing** into the resin or the paste.
- **Free of solvents, heavy metals and toxic compounds.**
- For interiors and exteriors.

Palette of 33 PURE colours

Acacia · California · Cascade · Champagne · Chestnut · Cianite · Clay Tone · Coal · Dark Florest · Desert · Ember Grey · Flint · Fog · Glaciar · Glaze Grey · Haze · Lumber · Marble · Marine Blue · Marron · Nilo · Ruby · Saffron · Salt · Sand Dust · Schiste · Scoria · Sea Blue · Sea Reef · Soil · Swamp · Tea Green · Volcano

See the palette at kcberry.ie. We recommend a physical sample before finalising the colour for your project.

Technical data

Property	Specification	Unit	Method / Standard
Base	Mineral — high-purity inorganic oxides	—	—
Compatibility	PURE Base, PURE Finishing and PURE Traffic	—	—
Stability	Resistant to light and alkalinity	—	—
Use	Interior and exterior	—	—
Packaging	250 ml · 500 ml · 1 L	—	—

Directions for use

- 1 Shake.** Shake the pigment until the liquid is uniform.
- 2 Mix into the resin.** Add the pigment to the Lime Resin, respecting the KCberry system ratios, and mix until the colour is uniform.
- 3 Apply.** Add the microcement and apply according to the lime-based system steps. All coats must be pigmented.

COMPLETE KCBERRY SYSTEM · CUSTOMERS WHO BUY THIS PRODUCT ALSO BUY

Lime Resin KCberry	The pigment is dissolved in the resin first.
PURE Base / Finishing / Traffic	Lime-based microcements to be pigmented.
Lime Sealer KCberry	Sealing that enhances the mineral colour.

Need technical support for your project?

The KCberry technical team sizes your system, confirms the right substrate preparation and supports you or your contractor remotely, from order to final seal.
