

CONCENTRATED COLOURANT · KCBERRY SYSTEM

KCberry Pigment

Concentrated liquid colourant for pigmenting KCberry microcement

40 standard colours

Water-based

Non-flammable

Stable colour

Suitable for exterior use

Description and use

KCberry Pigment is a concentrated liquid colourant, dosed to give KCberry microcement the exact catalogue colour. There are **40 standard colours**, from whites and greys to earth tones, greens and blues, with high colour stability — outdoors too.

Properties and benefits

- **Easy mixing** with Royal Resin and with the microcement (components A and B).
- **Water-based, non-flammable.**
- **Free** of plasticisers, solvents, ammonia and emulsifying agents.
- **High colour stability**, suitable for exterior applications.
- Pre-calculated dose per pack: consistent colour from project to project.

Catalogue of 40 standard colours

Ash Grey · Asphalt · Beige · Berry · Black · Brown · Brownberry · Chocolate · Cloud · Cocoa · Coffee · Concrete · Copper · Dark Blue · Dark Green · Escape · Funky Yellow · Gold · Horizon · Ice Grey · Khaki · Lichen · Light Green · Metro · Mystic · Navy · Olive · Orange · Pale Green · Safari · Sand · Seafoam · Silver · Sky Blue · Slate · Sport Grey · Thunder · Vegas Gold · White

See all colours at kcberry.ie. Before finalising a project, we recommend a physical sample in the chosen colour.

Directions for use

- 1 Respect the dose.** To achieve the catalogue colour, respect the dose indicated on the label for the quantity and type of microcement (base or fine).
- 2 Shake.** Shake the pigment vigorously until the liquid is uniform.
- 3 Mix into the resin.** Pour part of the Royal Resin into a container, add all the pigment corresponding to the microcement to be prepared and mix.
- 4 Add the microcement.** Add the microcement and the remaining pigmented resin little by little, mixing until uniform.

PACKAGING

Plastic containers of varying sizes, depending on colour and dose.

CLEANING

In case of skin contact, wash with water.

STORAGE

Hermetically sealed container; avoid very low or very high temperatures.

SHELF LIFE

3 months, in the original sealed, undamaged packaging.

Safety

Non-toxic, non-hazardous and non-flammable under normal handling conditions. Contains no harmful substances according to current safety regulations and requires no additional labelling. Simply comply with the legal occupational health and hygiene regulations.

COMPLETE KCBERRY SYSTEM · CUSTOMERS WHO BUY THIS PRODUCT ALSO BUY

Royal Resin KCberry	The pigment is dissolved in the resin first.
Microbase / Microtraffic / Microfinishing	Microcements to be pigmented.
KCberry Sample Kit	See the real colour before you order.
Two-Component Polyurethane Varnish	Enhances and protects the colour — does not yellow.

Need technical support for your project?

The KCberry technical team sizes your system, confirms the right substrate preparation and supports you or your contractor remotely, from order to final seal.
