Stainless steel

Rounded edges

Flat base

28 × 13 cm

Base and finish

Description and use

The **KCberry Steel Trowel** is the main tool for applying and finishing microcement. Polished stainless steel blade, perfectly flat base and rounded edges for smooth, mark-free application of the base and finishing layers throughout the KCberry system.

Features

- **High-strength stainless steel blade**, resistant to rust and wear.
- **Rounded edges** to prevent scratches and marks.
- **Lightweight, ergonomic handle**, in wood or rubber.
- For base and finishing microcement, indoors and outdoors.

Technical data

Property	Specification	Unit	Method / Standard
Blade	Polished stainless steel	—	—
Dimensions	28 × 13	cm	—
Handle	Ergonomic, in wood or rubber	—	—
Use	Base and finishing microcement	—	—

Care

- Wash with water immediately after use, before the material hardens.
- Dry the blade and store it protected to preserve the edges and flatness.
